Develop a mobile application using MIT

| Date	16 Nov 2022
Team ID	PNT2022TMID43969
Project Name	Smart Farming

Step 1:

Design screen1 with a button to enter into login screen
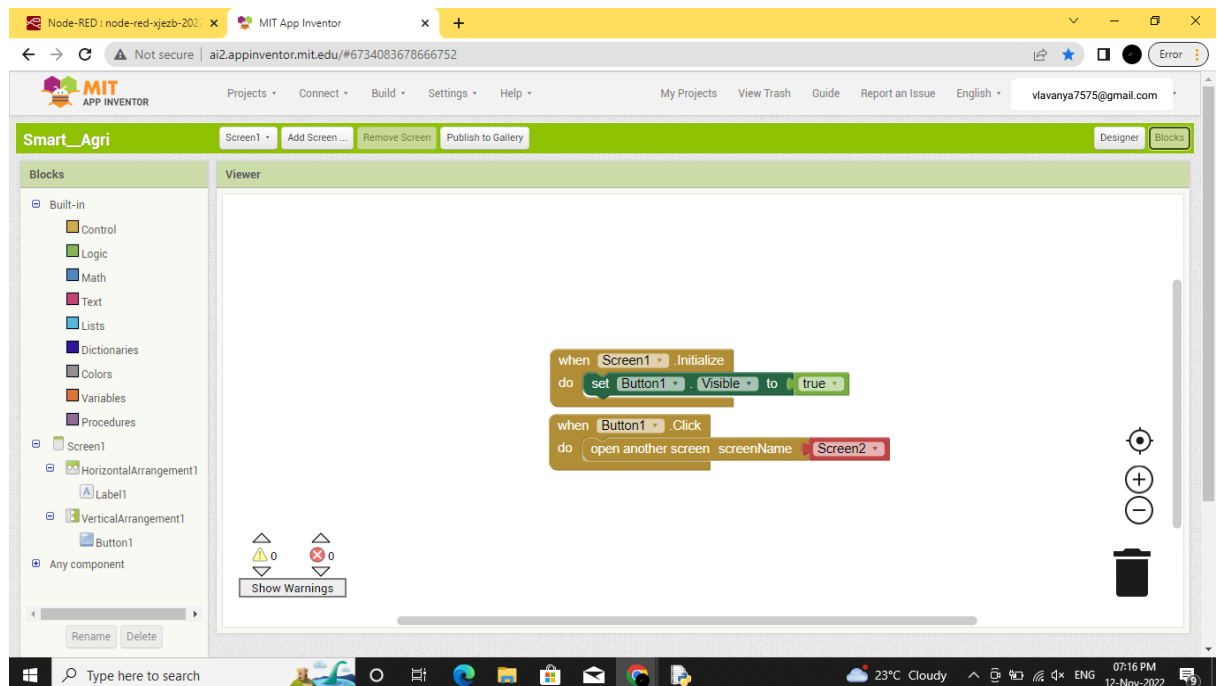

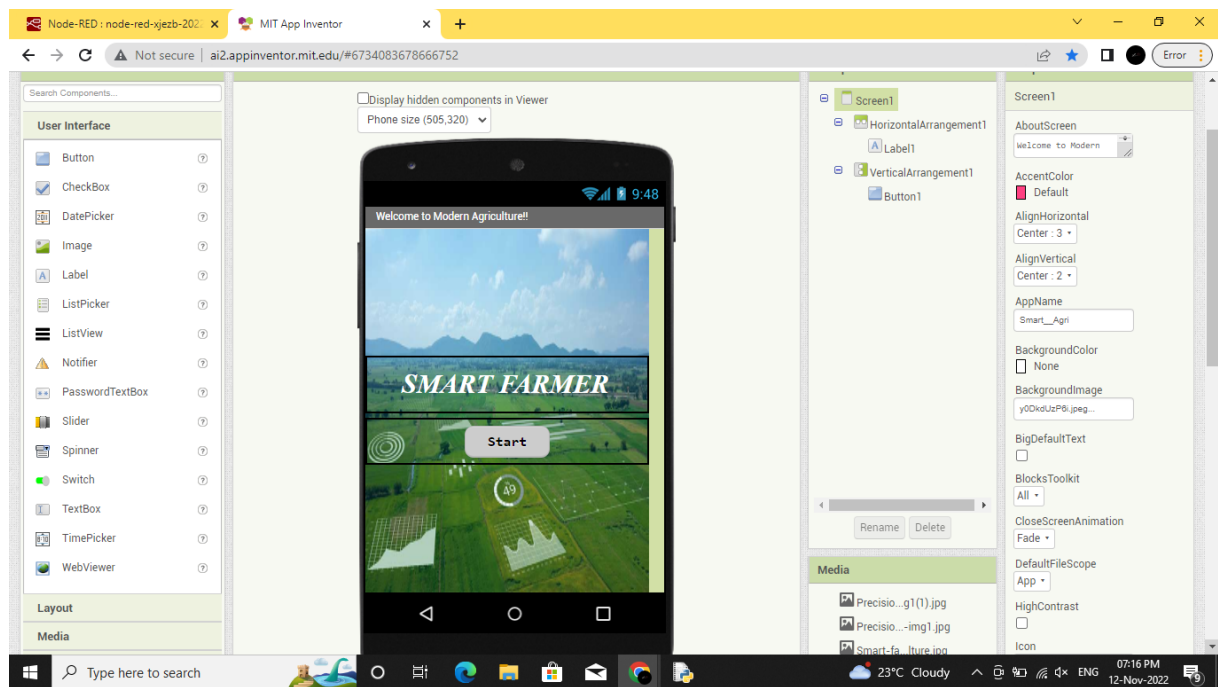

Step 2:

Design a login page and arrange the blocks.
Use firebase to store the login credentials.

Step 3:
Design screen3 with the outputs from node red to be displayed.
